

**NANO KOREA 2024**

The 22nd International Nanotech Symposium & Exhibition

---

**Dr. Seungchan Cho**

Korea Institute of Materials Science,  
Republic of Korea

---

Seungchan Cho is currently a Head of the Department of Functional Composites, Korea Institute of Materials Science (KIMS). He received his Ph.D. degree at the Department of Materials Processing, Tohoku University in 2010. Dr. Cho was a Principal researcher at the Samsung Electro-Mechanics from 2012 to 2013. His research has focused on the functional metal matrix composites.
