

NANO KOREA 2024

The 22nd International Nanotech Symposium & Exhibition

Prof. Inkyu Park

Korea Advanced Institute of Science and
Technology (KAIST), Republic of Korea

Prof. Inkyu Park received his B.S., M.S., and Ph.D. from KAIST (1998), UIUC (2003) and UC Berkeley (2007), respectively. He has been with the department of mechanical engineering at KAIST since 2009 as a faculty member and is currently a full professor, vice department head, and KAIST Endowed Chair Professor. His research interests are micro/nanofabrication, smart sensors for healthcare, environmental and biomedical monitoring, and flexible & wearable electronics. He has published more than 175 SCI journal articles and 50+ patents in the area of MEMS/NANO engineering. He is a recipient of HP Open Innovation Research Award (2009-2012), KAIST Prize for Academic Excellence (2021), KAIST Grand Prize for Technology Innovation Award (2019), Top 10 Nanotechnology of Korea (2023), and Minister Award from Ministry of Science and ICT (2023). At present, he holds the position of editor for Sensors and Actuators B: Chemical (Elsevier), a top-ranked SCI journal in the field of chemical sensor technology.
