

# NANO KOREA 2024

The 22nd International Nanotech Symposium & Exhibition

---

## **Prof. Ki-Tae Kim**

Seoul National University of Science & Technology,  
Korea

---

Dr. Kim is a Professor in the Department of Environmental Engineering at Seoul National University of Science and Technology. He received a MS and a Ph. D. from Gwangju Institute of Science and Technology in 2005 and 2009. He has (co)author of more than 80 scientific papers in environmental toxicology and risk assessment. He has focused on toxicity assessment and toxicity mechanism identification using the zebrafish models, on human exposure monitoring of POPs, EDCs, and other micropollutants, and now on researches about new approach methodologies.
